SECTION 7. FENCES. Fences shall be permitted on a Tract subject to the following specifications:

SECTION 9. SIGNAGE. No signs of any kind shall be erected or maintained on any Tract with the exception of a professionally lettered sign of a builder, realtor, or owner advertising the Property or any Tract and, if applicable, the residential dwelling and other structures located on such Tract, for sale or rent. Any sign allowed herein shall be no more than five (5') feet by five (5') feet in size. Additional signs may be used by a builder as the Declarant deems reasonably necessary to promote the sale of a Tract of the Property. So long as Declarant is the owner of any portion of the Property, this Section 9 shall not be applicable to signs erected by Declarant with regard to the sale of the Property or any portion thereof.

SECTION 10. SATELLITE DISHES; ANTENNAE; ETC. No television antenna, radio receiver, radio receiver equipment, satellite dish, equipment serving as an antennae or satellite dish, or other similar device shall be attached to, placed upon, or installed on any Tract, unless contained entirely within the interior of an enclosed and roofed building or approved by the Architectural Committee. Certain satellite dishes and similar equipment may be installed upon a Tract by an owner with the express written consent of the Declarant or the Board, which written consent may be withheld by the Declarant or the Board in its sole discretion. Any such allowed satellite dishes or similar equipment shall not be visible from any street or public right of way or any other Tract. No radio or television signals, nor any other form of electromagnetic radiation, shall be permitted to originate from any Tract which may unreasonably interfere with the reception of television or radio signals within the Property.

SECTION 11. NOXIOUS ACTIVITIES; TRASH; UNSIGHTLY OR UNKEMPT CONDITIONS. No noxious, illegal or offensive activity or trade shall be carried on upon any Tract of the Property, nor shall anything be done upon any Tract of the Property which may be or become

an annoyance or nuisance to the owners of any other Tract or portion of the Property. All rubbish, trash, and garbage shall be regularly removed from each Tract and shall not be allowed to accumulate thereon. No Tract shall be used or maintained as a dumping ground for rubbish, trash, or garbage. Trash, rubbish, or garbage shall not be kept on any Tract, except in sanitary containers constructed of metal, plastic, or masonry materials with sanitary covers or lids. All such sanitary containers shall be kept in a clean and sanitary condition. No Tract shall be used for the open storage of any materials whatsoever, which storage is visible from any street or public right of way or any other Tract, except that new building materials used in the construction of improvements erected on any Tract may be placed upon such Tract at the time construction is commenced and may be maintained thereon for a reasonable time, so long as the construction progresses without delay, until the completion of the improvements, after which such building materials shall either be removed from the Tract or stored in a suitable enclosure contained on the Tract. It shall be the responsibility of the owner of each Tract to prevent any unclean, unhealthy, unsightly, or unkempt conditions from existing on or within such owner's Tract and residential unit and other improvements located on such Tract. Any items such as outside patio furniture or other articles that may be viewed from any street or public right of way or any other Tract, shall be maintained in a neat and attractive condition. The pursuit of hobbies or other activities, including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices, which might tend to cause disorderly, unsightly, or unkempt conditions, may not be pursued or undertaken within or on any part of the Property.

SECTION 12. ANIMALS. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any Tract nor within any residential unit located on such Tract, except that dogs, cats, or other usual household pets may be kept by the respective owner of any Tract and within the residential unit located on such Tract, and except that not more than one (1) horse per two (2) acres of a Tract (and for purposes of explanation, two (2) horses require not less than four (4) acres, three horses require not less than six (6) acres, etc.) may be kept by the respective owner of any Tract so long as prior to any such horse being located on a Tract a fence constructed according to the provisions of this Declaration is constructed to contain any such horse and a barn constructed according to the provisions of this Declaration is constructed for storage of items incidental to the care and ownership of a horse; provided, however, that they are not kept, bred, or maintained for any commercial purposes and do not endanger the health of or unreasonably disturb the owner of any Tract of the Property. The Declarant or the Board (as hereinafter defined), if in existence, may, by adoption of rules and regulations as provided herein, (i) prohibit from the Property animals which are determined by the Declarant or the Board to be dangerous or detrimental to the health, safety, or welfare of the owners of any Tract. No pet enclosures shall be erected, placed, or permitted to remain on any Lot subjected to this Declaration except pursuant to the provisions hereof. In the event a pet or pets become a nuisance in the opinion of the Declarant or the Board, they shall be removed from the Property by the owner of such pet upon written notification to such owner. The owner of any Tract upon which is located a horse shall ensure that such Tract is not overgrazed, which, for purposes hereof, shall mean allowing such horse to graze any area of a Tract such that dirt areas are visible. For purposes hereof, overgrazing shall constitute a nuisance and shall be deemed to be an unsightly or unkempt condition in violation of the provisions of this Declaration.

SECTION 13. HOUSE TRAILERS, CAMPERs, TRUCKS, BUSES, BOATS,

MACHINERY. No house trailers, utility trailers, flat-bed trailers, horse trailers, campers, trucks, buses, or transfer trucks over forty (40') feet in length shall be permitted to be parked, placed, or located on any Tract. The measurement of forty (40') feet shall apply to each item individually. House trailers, utility trailers, flat-bed trailers, horse trailers, campers, trucks, buses, boats, and transfer trucks that are under forty (40') feet in length are permitted upon a Tract of the Property, but shall be parked and stored in garages, basements, or carports at all times. No machinery shall be placed, operated, or stored upon any Tract of the Property except such machinery as is usual in the maintenance and upkeep of a private residence. Any machinery allowed herein shall be stored or parked in garages, basements, carports.

SECTION 14. PARKING; MOTOR VEHICLES; TRAILERS; BOATS. All automobiles and transportation vehicles owned or used by owners or occupants of Tracts other than temporary guests and visitors shall be parked within garages, and garages shall not be used for storage or otherwise so that they become unavailable for parking vehicles therein. Such vehicles shall otherwise be parked on the Tract within the approved parking areas or on the driveway. The Board shall have the authority to promulgate rules and regulations to govern or prohibit the outside storage or parking upon any Tract. No owner or other occupant of any Tract of the Property shall repair or restore any vehicle of any kind upon or within any Tract, except (i) within an enclosed garage, and (ii) for emergency repairs, and then only to the extent necessary to enable the movement thereof to a proper repair facility. No vehicles shall be parked or stored on blocks or other such devices within the Property. The Declarant or Board is expressly authorized to remove, by towing or other methods, at the owner or occupant=s expense, any unlawful or prohibited vehicle in violation hereof. Without prior written approval and authorization of the Declarant or the Board, no boats, boat trailers, campers, canoes, motorcycles, mopeds, all terrain vehicles, vehicles used primarily for recreational purposes, vehicles primarily used for commercial purposes, abandoned vehicles, vehicles which are either dismantled, partially dismantled, inoperative, discarded, or one which does not have a valid license plate attached thereto, shall be stored, allowed to remain overnight, or repeatedly parked on any Tract or any portion of the Property subject to this Declaration. No vehicles shall be parked so as to obstruct the fire lanes or roadways within the Property, if any. If permitted, boat trailers, boats, campers, motorcycles, mopeds, all terrain vehicles, vehicles used primarily for recreational or commercial purposes, travel trailers, or inoperative motor vehicles are to be stored out of view from any street or public right of way or any other Tract and shall not be stored on driveways. The Board is expressly authorized to remove, by towing or other methods, at the owner or occupant=s expense, any unlawful or prohibited vehicle in violation hereof.

SECTION 15. CLOTHES LINES; GARBAGE CANS; WOODPILES, ETC.. Outdoor clothes lines, garbage cans, woodpiles, and other similar items must be screened by landscaping or fencing, or placed in a location not visible from any street or public right-of-way or any other Tract of the Property.

SECTION 16. MAILBOXES. Mailboxes shall be in keeping with the architectural style of the residential dwelling located on the Tract of the Property for which such mailbox shall serve.

SECTION 17. ENFORCEMENT OF COVENANTS. If the owner of any Tract of the Property shall violate or attempt to violate any of the covenants, conditions, restrictions, and

easements contained herein, any other owner of any portion of the Property (or the Declarant as long as Declarant owns any portion of the Property) or any other Tract of the Property may enforce the provisions of this Declaration, at the election of the party enforcing this Declaration, by (i) proceedings at law against such person or persons violating or attempting to violate such covenants, conditions, restrictions, easements, or other provisions, (ii) injunction or restraining order in equity to enforce compliance herewith, (iii) suit for damages, and/or (iv) any appropriate proceeding at law or equity against the Tract of the Property upon which the owner in violation hereof or attempting to violate the provisions hereof resides or the owner or occupant thereof to enforce any obligation arising by virtue of this Declaration. Failure of Declarant or of any owner of any other Tract of the Property to enforce said covenants, conditions, restrictions, easements or other provisions when, in such party's reasonable opinion, such waiver or variance will not be detrimental to the Property or any other Tract of the Property, shall in no event be deemed a waiver of its rights to enforce said covenants, conditions, restrictions, easements or other provisions thereafter. All remedies provided in the Declaration or at law or equity shall be cumulative and not exclusive.

SECTION 18. AMENDMENT, MODIFICATION, DURATION. This Declaration shall run with and bind the Property and each Tract thereof for a term of twenty (20) years from the date this Declaration is recorded. Declarant hereby expressly reserves the right to unilaterally amend or modify this Declaration for a period of three (3) years from the date this Declaration is filed for record in the Office of the Clerk of the Superior Court of Cherokee County, Georgia, and further reserves the right to amend or modify this Declaration, in whole or in part, until Declarant no longer owns any portions of the Property. Furthermore, Declarant reserves the right to amend this Declaration for a period of ten (10) years for the purpose of encumbering additional real property, by one or more amendments hereto, to the terms, conditions, and provisions of this Declaration so that such additional real property shall be deemed a portion of the Property as if originally described as such as of the date of the filing of this Declaration. Said additional real property added to the Property and subjected to the terms and conditions of this Declaration shall be contiguous to the Property, although for purposes hereof, separation of said additional real property by a street, road, stream, creek, or branch shall be considered "contiguous" for purposes hereof. Any amendment or modification which shall further restrict the Property or any Tract thereof must be executed and agreed to by the owner of each Tract of the Property, although for purposes hereof, an amendment which adds additional real property to the Property and subjects said additional real property to the terms and conditions of this Declaration shall not be deemed to "further restrict the Property or any Tract." Any amendment or modification of this Declaration shall be recorded.

SECTION 19. EFFECT OF INVALIDATION. If any provision of this Declaration is held to be invalid by a court of competent jurisdiction, the invalidity of such provision shall not affect the validity of the remaining provisions of this Declaration; and all covenants, conditions, restrictions, and easements contained herein shall be deemed to be severable, each from the other, without qualification.

SECTION 20. CLEARING; REMOVAL OF TREES. The owner of any Tract of the Property shall not clear, cut, or otherwise remove, or cause to be cleared, cut, or otherwise removed, any trees except such trees which must be removed from such Tract to permit the construction of the

primary residential dwelling on such Tract, a driveway, a permanent grass pasture on such Tract, or any other structures permitted by this Declaration to be constructed on such Tract. Prior to the clearing, cutting, or removal of any trees, the owner of such Tract shall obtain written approval from the Architectural Committee.

SECTION 21. SOIL EROSION CONTROL; DRAINAGE; DRIVEWAYS. It shall be the responsibility, obligation, and duty of the owner of each Tract of the Property to strictly adhere to all soil erosion control and driveway installation guidelines, regulations, laws, and rules, whether promulgated by Declarant or any state or local governmental entity, and further, to ensure that all actions necessary to adhere to such erosion control and driveway installation guidelines, regulations, laws, and rules are taken. Natural drainage of Tracts or roadway ditches will not be impaired by any owner of any Tract. Driveway culverts, if necessary, will be of sufficient size to afford proper drainage of ditches without backing water upon into a ditch or diverting flow. Declarant or the Board may remove any culvert that obstructs the flow of water through ditches, if any. The Declarant or the Board may enforce reasonable drainage and erosion measures promulgated by the Board as rules and regulations. Declarant assumes no responsibility for soil erosion on any Tract after title to such Tract has been conveyed by Declarant to any other party. No ditches, culverts, or other drainage facilities located on the Property or any Tract thereof shall be moved, altered, or damaged without the prior written consent of the Declarant or the Board. It shall be the responsibility of the owner of each Tract of the Property to properly and fully maintain, at such owner's sole cost and expense, any ditch, culver, or other drainage facility located thereon.

SECTION 22. GARDENS; BASKETBALL GOALS, ETC. No vegetable garden, hammocks, statuary, or play or recreational equipment, including, but not limited to basketball goals, may be placed, erected, or allowed to be maintained upon the front or side yard of any Tract of the Property except as may be approved by the Architectural Committee.

SECTION 23. SWIMMING POOLS. Swimming pools are allowed on any Tract within the Property if approved in writing by the Architectural Committee, provided that any such swimming pool constructed on any Tract is completely and entirely enclosed by privacy fencing approved and allowed pursuant to this Declaration so that any such swimming pool is not visible from any streets or public right of way or any other Tract. Above-ground swimming pools shall be strictly prohibited from any part of the Property.

SECTION 24. ARCHITECTURAL COMMITTEE. Declarant hereby creates an Architectural Control Committee (the "Architectural Committee") to oversee the construction of improvements upon all Tracts within the Property. Until such time as the Board is formed, Architectural Committee shall mean and refer to Dale Turner or such other person(s) as appointed by Declarant. From and after the formation of the Board, the Architectural Committee shall be deemed to be the Board. No structure shall be commenced, erected, placed, moved onto, or permitted to remain on any Tract, nor shall any existing structure upon any Tract be altered in any way which materially changes the exterior appearance thereof, unless and until a set of plans and specifications has been submitted to the Architectural Committee and be approved in writing thereby. Such plans and specifications shall be in such form and contain such information as the Architectural Committee

shall reasonably require in order to determine the compliance of the proposed improvements with the terms and conditions of this Declaration, including, without limitation, (i) a site plan showing the location of all proposed and existing structures on the Tract, (ii) floor plans of all proposed structures on the Tract, (iii) exterior elevations of all proposed structures and exterior elevations of all structures proposed to be altered, (iv) specifications adequately showing the nature, kind, shape, height, materials, basic exterior finishes, and colors of all proposed structures, and (v) landscaping and other exterior improvements to the Tract. The Architectural Committee shall have the right to approve or disapprove of any structure or improvement to any Tract in its sole and absolute discretion; provided, however, that the Architectural Committee shall provide its written consent or denial of any plans and specifications within sixty (60) days of submittal to the Architectural Committee.
